The matter of dates of asking for bids on the bonds, also on the several contracts was discussed at length. While no motion was passed,

it seemed to be unanimous opinion of the Directors that an attempt should be made to ask for bids on bonds so that they could be sold between the 4th and 7th of January and that bids be asked for on contracts so that they could be opened about January 12th.

There being no further business to come before the meeting, it was, upon motion, adjourned.

E. D. Smith
Secretary.
