ACCOUNTANTS' COMPILATION REPORT

Board of Directors Pueblo Conservancy District Pueblo, Colorado

Management is responsible for the accompanying balance sheets - general fund only of Pueblo Conservancy District (the District) as of May 31, 2016 and December 31, 2015, and the related statements of revenues and expenditures - general fund for the five months ended May 31, 2016 and the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Required Supplementary Information

Management has omitted the management's discussion and analysis and the budgetary comparison schedule for the general fund that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Supplementary Information

The supplementary information (current year budget amounts reported in the statement of revenues and expenditures of the general fund) is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information is the representation of management. This information was subject to our compilation engagement; however, we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such supplementary information.
