Office Rooms:

Chairman Lee reported that his efforts in securing satisfactory offices had not been entirely satisfactory. After discussing at length, the rooms available in the City Hall and Court House; it was decided, upon motion of Mr. Nuckolls seconded by Mr. Raber, that if agreeable to The County Commissioners and Mr. Jones, we partition off the East end of the large room occupied by The Dayton Morgan Engineering Company, as it was considered essential that we be located near the Engineer's office.

Phones:

The Chairman stated that Mr. Jones had recommended that a main line phone be placed in his office because of the fact that much of the time the Court House exchange was closed. In as much as the official offices of The Board were soon to be located there, it was deemed expedient to order a phone for these offices also. Upon motion, the Secretary was instructed to order main line phones, both in The Dayton Morgan Office and in the Office of The Board of Directors.

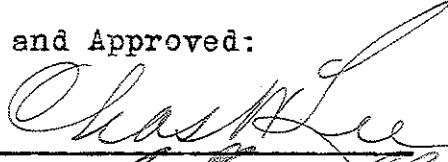

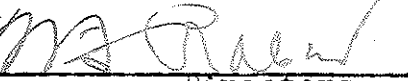

Office help:

Chairman Lee also reported that several stenographers, more or less capable, had made application to him for the position of stenographer and book-keeper in the general office. After discussing the several names, upon motion of Mr. Raber, seconded by Mr. Nuckolls, Mr. Lee not voting, the Secretary was instructed to interview Mrs. Cross, with authority to employ her at a salary of \$100 per month, provided that, in his opinion, she was capable.
